ANGLO FRENCH CLASH EXPECTED AT PARIS

Conflict Believed Inevitable When Premiers Meet January 19

DISARMAMENT FIRST

Disagreement, However, Will Come Over Question of Bolshevism—Churchill to Serve Notice

Paris, Jan. 7.—French political circles are making ready for the clash between French and British ideals that is to come in Paris January 19, when a meeting of the Supreme Council of utmost importance to all the world, will be held.

German disarmament will be the first subject on the program. It is understood that the French will begin by proposing to give the Germans three periods of eight days each in which to carry out the Spa disarmament agreements. France undoubtedly would make further concessions if necessary, but her policy will depend largely upon whether Premier Leygues is still in power then. He stands now in great danger of being replaced with a more energetic leader. His Government will be attacked in the Chamber of Deputies next Tuesday.

The conference will then tackle the new reparations contract which the Brussels conference of Allied and German experts drew up last month. This program has been submitted to all the Allied Governments, with the suggestion that it should regulate Germany's yearly payments to the Allies. Complete agreement of the Premiers in accepting this Brussels proposal is expected, except possibly on the subject of the total amount which Germany shall pay. The French do not wish to have this amount fixed definitely just now.

Then the conference will turn to the real business of the meeting, which is the question of Bolshevism. Here the clash between Great Britain and France will occur.

The conference also will discuss affairs in the Near East and possibly the revision of the Treaty of Sevres, but even the Turkish problem cannot be settled now without taking into account the power of the soviets.

Since the Bolsheviki have taken over the protection of the Armenians the relations between the Turks and the Bolsheviki have become very strained. In well-informed French circles it is confirmed that an armed conflict between the Bolsheviki and the Turks is bound to come sooner or later.

France would have the Allies fight the Bolsheviki in the Near East by supporting the Turks and in Eastern Europe by supporting Roumania and Poland. Incidentally, Winston Spencer Churchill, British Minister of War, who is coming to Paris is reported to be anxious to persuade France to adopt his idea of getting the Germans to help against the Reds. France has no taste for this proposal, prefering to rely exclusively on the Poles, the Roumanians and the Turks, helped by herself and possibly other Allied powers.

Despite these reports about Churchill's forthcoming visit, it is more than probable that Churchill really will come to Paris to inform the French War Office officially that Great Britain has no men available for any active military policy on the Continent, either involving a march into Germany or an expedition against the Bolsheviki.

Great Britain prefers to have her Minister of War take the responsibility of intimating to France that if the French prefer an aggressive policy they cannot count on England's support, Churchill will have prepared the ground for the liberal program toward the Germans and the Bolshevik which Lloyd George hopes to impose on France in Paris.

France's desire to make war on Bolshevism has less to do with the

Pastors To Boost Roads

Sunday Day Set Apart for Movement

Richmond, Va., Jan. 7.—Virginia's need for good roads will be outlined to congregations throughout the State by scores of pastors on Sunday, January 9.

Acting as the agency of the people in highway development, the Virginia Good Roads Association is working to create a strong sentiment for better roads. It has sent out letters to the clergy asking them to devote some portion of their remarks Sunday to the cause of highways and they have consented almost unanimously to do this.

Good roads messages from the pulpits Sunday will precede the opening of the membership canvass of the Virginia Good Roads Association on Monday, January 15. Intensive work will be carried on in this period in the Richmond and Norfolk zones, embracing cities and counties making up a little more than half the state. As soon as the canvass is completed in these districts it will be carried to the other sections of Virginia.

Backed up by a membership of 75,000—the goal of the membership canvass—the Virginia Good Roads Association will undertake an educational program to reach to all sections. One of the features will be the sending of motor trucks with moving picture machines to spread the gospel of good roads. The work of the association is being centered on the creation of a State-wide sentiment for better highways which will have influence with the General Assembly when it meets to consider the question of a highway bond issue to make possible the building of connected highways throughout the state.

Rites For P. F. Gorman

City Tax Collector's Funeral Held at St. Mary's—Largely Attended

Last rites for City Tax Collector Patrick F. Gorman, who died Monday morning, were held this morning at 10 o'clock at St. Mary's Catholic Church and attended by a large concourse of relatives and friends of the deceased together with city officials, members of city council, Confederate Veterans and members of the Knights of Columbus.

Mass was celebrated by Rev. L. F. Keily, Rev. Louis Smet and Rev. William Winston. The floral offerings were handsome and numerous. Burial was in St. Mary's cemetery.

The honorary pallbearers were Edgar Warfield, John R. Zimmerman, Justus Schneider, James Callan, F. T. Quinn, C. M. Horgan, Nicholas J. Lawler, William Desmond, C. H. Callahan, E. F. Price, E. Dunn, Frederick W. Ebhart, Thomas W. Robinson, H. R. Burke, E. E. Downham and M. B. Norris, they being from Lee Camp, city officials, Knights of Columbus and the German Co-Operative Building and Loan Association.

Active pallbearers were Dr. Edward A. Gorman, Eugene K. Gorman, James H. Gorman, Patrick F. Gorman, sons of the deceased; J. Reece Caton, son-in-law of the deceased and Gorman Caton, grandson of the deceased.

Washington, Jan. 7.—Authority to issue $5,900,000 of development and general mortgage bonds was granted to the Southern Railway Company yesterday by the Interstate Commerce Commission. The issue is to be pledged as partial security for a government loan of $3,825,000.

Smoker A Success

200 Attend Affair Given by Russell Mitchell Post

The smoker held by Russell Mitchell Post Veterans of Foreign Wars last night was largely attended and highly successful. Fully 200 attended the affair. Music was furnished by the drum corps of the National Capital Post, under the direction of Comrade Lovelace. There were a number of interesting athletic events, among them the following:

Cornell from "Frogg Bottom" and Courier from "Holy Hill." Cornell victor, best two out of three falls.

Slim Tullock, from 'Tan Yard Ditch' and Ike Dreifus, from "Bull Town". Dreifus victor, best two out of three falls.

All comrades agreed that the fights were clean cut and hard won.

RESOLUTIONS OF RESPECT

At a meeting of the board of directors of the German Co-Operative Building Association No. 5, of Alexandria, Virginia, the following resolutions were adopted:

Whereas in His wise but inscrutable will Almighty God has seen fit to remove from our midst P. F. Gorman, for many years past a member of the Board of Directors of this Association.

And whereas we grieve his loss not only to us one and all his friends but as a faithful worker for the building up and uplifting of our city and community.

And as a mark of respect and esteem; be it resolved: that the officers and board of directors of the German Co-Operative Building Association attend the funeral in a body; that the office be closed at the time of his burial and that a copy of these resolutions be spread upon the minutes of this Association and sent to the members of the family of this deceased, and a copy also be published in the Alexandria Gazette.

PLAYERS' CLUB

A meeting of the Players' Club was held last night, at the Westminster Building, when the report was made from the vaudeville show of December 9.

Plans were discussed for a play to be produced the latter part of February or first of March, early enough not to conflict with the beginning of rehearsals for the play to be produced in April by the John B. Rodgers Company, for the benefit of the Alexandria Hospital.

The members of the club stand ready to assist the hospital managers, and the talent for their play in April will be drawn largely from the club membership.

K. C. Third Degree

Largest Class in Local History to be Initiated Sunday

Sunday afternoon at 2:30 the local council of the Knights of Columbus will confer the honors of the third degree or the major degree upon a class of about 85 to a 100 candidates. The degre will be exemplified in St. Mary's Hall.

Washington Councils will have a number of second degree members who will receive the honors with the local men. Falls Council will also take the degree.

Immediately following the degree the council will hold a social session to bid good by to the retiring Grand Knight, C. M Horgan, who will leave in a short while for Wilkes-Barre, Pa., to take up his residence.

The biggest crowd in teh history of Alexandria K. of C., is expected to attend.

Washington members are coming over in a body. About 30 visitors are expected.

The activity of the local council to increase its membership has resulted in nearly a 100 per cent increase. A council of 500 to 600 members are expected within a short time.

Movies To Be Feature

Social of Y. M. C. A. Tomorrow Night At Westminster Building

Moving pictures will be a feature of the community social at the Westminster Building tomorrow evening from 7.30 to 10.00. An officer of the board of directors of the Y. M. C. A. presented the association with a portable moving picture outfit and the first public demonstration will be Saturday evening.

Secretary Wallace said that the outfit had not yet been completed but the machine is already here and it will be given a try-out Saturday evening at the young peoples' social. The womans' auxiliary of the association, which has charge of the Saturday evening community socials, wishes it to be known that all of the young people of the city are invited to the socials.

There is no charge of any kind and even the refreshments are free, the object being to provide a community meeting place once a week for the young people of the city, where they may gather and play games and have a social hour together under congenial surroundings. And it was thought that the moving pictures would be an enjoyable feature of the evenings pleasure.

The socials are to be continued each Saturday as long as there seems to be a need for them and the various young peoples' societies of the different churches will furnish the active committees to carry out the evenings program. Practically every young peoples' society has willingly agreed to assist in the work and six or seven of them served before the holidays and others will be added during the present series.

HARDING'S MIND IS OPEN ON CABINET

All Names He Will Consider Are Before Him

NOT IN CONFIDENCE

G. O. P. Leaders Lacking Definite Information—Big Men Sought—Labor Head Also Puzzled

Washington, Jan. 7.—Republican leadership in Washington, particularly that part of it responsible for the nomination of Warren G. Harding, is beginning to worry about the next Cabinet. They apparently are lacking in definite information regarding the President-elect's selections.

The next President has proved himself one of the world's best listeners. The opportunity has been given Congressional leaders to air opinions as they have not been able to do since the days when Mr. Taft used to listen to all comers. He has been surprisingly frank in reviewing the problems he faces, and even in mentioning the names he is considering for the Cabinet. But no man has been able to come back from Marion and say positively with regard to any single Cabinet appointment: "This is fixed."

Nearly every returned visitor takes pains to explain that it is Mr. Harding's chief desire to start his Administration with the complete confi-

To Drop 10,683

Will Save Government $30,000,000 a Year

Washington, Jan. 7.—The most sweeping move toward economy yet taken by Congress was shown in the action yesterday of the Budget Committee in reporting the Legislative, Executive and Judicial Appropriation bill with Federal employes in the District of Columbia reduced by 10,683, effecting a proposed yearly saving of more than $30,000,000.

The bill does not provide for salaries for the next fiscal year for 12,183 Federal employes here, but provides for 1,500 additional employes for the Internal Revenue Bureau, so that the net reduction amounts to 10,685.

In addition to demanding the elimination of this army of war workers the committee recommends that bonuses of $240 a year in the next fiscal year shall not apply to workers at the Washington Navy Yard, whose wages are determined by wage scale adjustments from time to time.

Republican leaders say the total reductions in the employes in the District will reach fully 20,000 before the middle of the next fiscal year. They are unwilling to make further cuts in the salary roll until the special committee recently appointed to consider the elimination of unnecessary Government bureaus reports. This report is expected to be presented to Congress early in June, soon after which further reductions will be made in accordance with the expected recommendations.

The bill carries appropriations amounting to $112,705,748.75 for the fiscal year 1922, which is a reduction of $5,751,461.36 from the amount carried last year and $23,746,866.22 less than the amount sought in the estimates submitted to Congress by the departments affected.

Kneipp is represented by Judge C. E. Nicol and H. S. Barger, the latter of Washington. The government's side of the case is being conducted by Hiram M Smith, of Richmond, special counsel.

Sessions In Petersburg

Last Year Most Successful in History Of State Association, Diggs Says

The thirteenth annual State Sunday School Convention will meet in Petersburg, February 8 to 10, Thomas C. Diggs, of Richmond, general secretary of the Virginia Sunday School Association, announced yesterday. The aim of this association is to organize and sustain auxiliary associations in each county and district so that a helpful convention may be held within easy reach of every school in the State.

Last year was the most successful in the history of the association, Mr. Diggs declared. Works was introduced into twenty-four new counties and is now carried on in eighty-six. There are 183 associations and these held 311 conventions, with an attendance of over 20,000. Represented at these conventions were 2,432 Sunday schools and at least twenty-five different denominations. Local officers and workers now number 1,970, he stated.

SECRETARY HOUSTON AND WAR FINANCE CORPORATION

The New York Tribune in a recent editorial vents its spleen in the following sneering remarks: "The overwhelming vote in the House, overriding the dyspeptic veto of the resolution reviving the War Finance Corporation, following a similar vote in the Senate the day before, fittingly squelches Secretary Houston's arrogant effort to lessen our export trade."

There has long been a suspicion in our minds, that is being confirmed daily, by cumulative evidence, that the Republican Press is intoxicated with success. The Tribune, quoted above, in a scant dozen words, jeers at the President and insults the Secretary of the Treasury. Time will show both to be right, Secretary Houston is one of the ablest men who has ever graced any cabinet position, and his conscientious and skilful discharge of his duties as secretary of agriculture, and the masterly manner in which he has attacked the overwhelming problems of the Treasury, prove him to be one of the big men of the time. History will place an unerring valuation upon his services. Only a partisan press, blinded by political bigotry, can fail to discern his noble patriotism, his dignity of silence under attack, and his self-sacrificing efforts to do his best, and only his best, for his fellow countrymen.

WASHINGTON POST SUPPORTS GAZETTE CONTENTION.

Whether the Post Editors read the GAZETTE editorials of the 4th, or not, we shall not attempt to say. But a double-header editorial in yesterday's issue, cordially sustains our contention in our leader of the former date. A so it is on support of the testimony and interviews given out by Secretary Daniels, as to the necessity of building and maintaining a navy by the United States that will be "kept up to the point of superiority over any other fleet." The Post concludes: "The United States would be conserving its treasury resources, its own security, and the world's peace by making sure that the largest navy in the world shall be under the peaceful folds of the Stars and Stripes."

The Post has been somewhat erratic in its recent editorial policy, and we commend its study of the GAZETTE editorial columns, and sincerely trust that it will continue the course thus begun, promising further enlightenment and corrective instruction.

WILMINGTON CRIME LAID TO MADMAN

Wilmington, Del., Jan. 7.—The police now believe, both the murder of Alfred T. Jorhan, a telegrapher, who was shot and killed while waiting near his home with his father early on New Year Eve and the shooting of Albany Murdock about an hour later, were both committed by a madman.

The lunatic, is thought to have escaped from the insane hospital at Norristown, Pa.

Several other men, slightly wounded by bullets fired on the same night and since, are believed by the police to have been victims of the same assailant. All descriptions of the mysterious assailant so far obtained coincide with the one one sent broadcast by the Pennsylvania authorities.

A dragnet has been spread through out the city and country for the madman.

SPORTS

The Dreadnaught basketball team made a quick jump toward the championship last night in the Armory Hall when they defeated the fast Navy Yard team of Washington, by a score of 41 to 22. The score does not indicate the real class of the home team as they kept the ball in their own territory during the entire defeated Washington team. Jimmy Alexander and Beaton playing the forward positions were the stars of the evening. Allen Roberts stellar game in the guard position was one of the main features, he also added another of those long shots from past the centre of the floor. Theron Hayden and Ike Dreifus covered themselves with glory by their fine play, but completed a five man combination that will be hard to beat this year. Jimmy Hasson and Rosy Hayden showed class when they entered the game. Indian Head, Md., will be played in the Armory tomorrow night.

statement to the public upon their arrival at Mattice until their statements to the Navy Department shall have been received by the department and made public at Washington.

As a result of this order, which was received and read at the Rockaway Point Naval Air Station yesterday afternoon, Mrs. Walter Hinton, who is awaiting her husband's return declined last night to make public a letter received yesterday from her husband written after his arrival at the Moose Factory post of the Hudson Bay Company, and forwarded to Mattice by the same runner who carried the telegram announcing the safety of the party.

From Mrs. Hinton's guarded statements as to the contents of the letter, however, it is understood that the hardships which the men underwent during the four days they were lost in the woods, before reaching Moose Factory, left them in such weakened and exhausted condition from cold and hunger that the delay of several days before starting back to Mattice by dog sled was necessary to permit recovery, and the hands of at least one member of the party were too badly frosted to permit writing.

The letter according to Mrs. Hinton gives a complete story of the trip and the hardships encountered, and mentions that Lieutenant Hinton with stood these hardships better than did his companions. Mrs. Hinton said that while the men had "suffered a good deal" they were "in pretty good shape."

HARDING'S MIND IS OPEN ON CABINET

(Continued from page one)

fence of the country and he believes the way to establish that confidence is to name big men as members of his official family.

A post for which one man is prominently in mind is that of Secretary of State. It seems fairly safe to assume that, barring unforeseen circumstances, Charles E. Hughes will be offered the portfolio.

The Treasury appointment has developed to a point where it is believed that the choice lies among ex-Gov. George M. Reynolds still holds first place, it is believed, with Chas. G. Dawes, next and A. W. Mellor, of Pittsburgh, third. If there is a fourth man under consideration it is former Senator John W. Weeks.

Herbert Hoover, it is thought here is giving Mr. Harding more political concern than any other possible appointee. It is not known whether Mr. Hoover wants a place. But he is the subject of more opposition and at the same time of more indorsement than any individual whose name is linked with the plans of the coming Administration. Mr. Hoover is understood to be on the Harding list for one, two and possibly three posts.

The first question to be decided by Mr. Harding is whether Mr. Hoover is to be used, and the second, where he is to be used. In the meantime the President-elect is confronted with the certainty that Senators Boies Penrose, of Pennsylvania; Hiram Johnson, of California; and James Reed, of Missouri, will be strongly antagonistic if Mr. Hoover goes into the Cabinet, and Senator Reed might fight confirmation of the appointment. Some of the farm interests also have expressed themselves against Mr. Hoover.

With regard to Henry C. Wallace, of Iowa, agricultural publisher, for Secretary of Agriculture, some interests are opposing him as too radical, while some farm interests have given the opinion that a real "dirt" farmer would be more desirable. But so far no one comparable with Mr. Wallace in fitness has been suggested, it is said here, and Mr. Wallace's chances are regarded as excellent.

Phases of the union labor and open shop movements have been brought into the discussion of the selection of a Secretary of Labor, causing some embarrass and difficulty. Mr. Harding is believed to be desirous of settling finally and definitely on one man for each of the portfolios of the Treasury, Interior and Labor, after which the remainder of the Cabinet quickly would take shape.

CALOMEL DYING FAST IN SOUTH

"Dodson's Liver Tone" is Taking the Place of Dangerous Sickening Drug

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's Dodson's guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate so let them eat anything after wards.

GIFT OF FRENCH PRESIDENT TO K. C. LOST IN TRANSIT

New York, Jan. 7.—A great Sevres vase, valued at $5,000 which was presented to the Knights of Columbus by President Millerard, of France, disappeared in transit from Paris and the police of two continents have been asked to assist in tracing it, it was announced at national headquarters of the knights here yesterday.

The vase was presented at the farewell banquet tendered to the Knights of Columbus Lafayette-Metz pilgrims at the D'Orsay palace in Paris last September. It was carefully packed and shipped to Havre to be placed on the Steamship Lafayette on which the pilgrims were to return to the United States.

There the trail ends. The French line records at Havre show no sign of receipt of the valuable package there. James A. Flaherty, of Philadelphia, supreme knight, has cabled the knight's European commissioner, Edward L. Hearn, asking him to have the French police search for the vase. Efforts are also under way here to discover whether the vase could have arrived in this country.

The vase is five feet in height and about three feet in dimeter. It is inlaid with an elaborate mossic design and has been pronounced by French ceramists to be the best Sevres specimen produced since the war

TWO DIE AS BLAST DESTROYS HOME

Fort Wayne, Ind., Jan. 7.—Two persons are dead and two others are injured one probably fatally, as a result of a mysterious explosion which destroyed the home of J. W. Sheffer, nationally known fancy stock raiser at Auburn, Ind., 20 miles north of Fort Wayne, at 6 o'clock yesterday evening.

The dead: Ebber Sheffer, 24 and Ellen Sheffer, 12, son and daughter of Mr. Sheffer.

Mrs. Sheffer is believed to be in a dying condition, suffering from internal injuries. The extent of Mr. Sheffer's inuries has not yet been determined.

The explosion occurred while the family was grouped about the table after supper. The blast shattered windows for several blocks and was heard several miles away.

Mr. Sheffer declared he had no enemies and scouted the idea that a bomb had been planted under the house. An investigation of the explosion by the local gas company is said to have shown that their mains were intact and could not have caused the blast. Authorities are at a loss to account for the explosion.

DRASTIC BLUE SUNDAY LAW

Act in Tennessee Legislature Would Halt all Trains

Nashville, Tenn., Jan. 7.—The first and most drastic of the so-called Blue laws as introduced by request in the Tennessee senate yesterday.

The proposed legislation would prohibit the playing of Sunday base ball and other sports operation of all passenger and freight trains, publication of newspapers, operation of all stores, all buying and selling except in instances where charity or necessity demanded it.

The bill took the regular course and was received without any comment by the senate.

THIEVES CRACK LYNCHBURG CHURCH SAFE, GET NOTHING

Lynchburg, Va., Jan. 7.—A large "burglar" proof safe at St. Paul's Episcopal Church was cracked some time Tuesday night, but the thieves left the small amount of money found in it. The dial was broken off and the combination worked with a new screwdrive. Either the thief was expecting a big haul or was looking for wine and in either case disappointment followed. An envelope containing about $5 in coin was opened, but the money was not taken Old records of the parish were opened and thrown on the floor, but were not injured.

Boudoir of Pearl and Gold in Boston for Policewomen

Boston, Jan. 7.—A boudoir at police headquarters, a suite of rooms finished in pearl gray and gold, with expensive mirrors, soft lounges and easy chairs was begun yesterday. This restful spot in the grim block of buildings that constituted the police administration center in Pemberton square is the department's preparation for the advent of women to its ranks.

Policewomen were authorized recently and examinations have been held and it is expected to have the boudoir ready by the time appointments are announced.

State and Labor Heads In Controversy as Cork Mayor is Given Freedom

Washington, Jan. 7.—Conflict between the Departments of State and Labor was foreshadowed yesterday over final decision as to the admission of Donal J. O'Callaghan, Lord Mayor of Cork, who was apprehended by immigration authorities upon his arrival at Newport News from Ireland as a stowaway without a passport.

Action of Secretary Wilson yesterday in paroling O'Callaghan upon his own recognizance, it was indicated, had been taken without consultation with the State Department, as the first knowledge of it was obtained by Acting Secretary Davis of that department from newspaper men.

Even should O'Callaghan now be deported it was held at the State Department that there would be nothing to prevent his coming to Washington and accomplishing his announced mission to the United States of testifying before the Commission of the Committee of One Hundred investigating Irish conditions.

Secretary of Labor Wilson, it is understood, has virtually decided to sustain the appeal of O'Callaghan to the Department of Labor from the decision of the board of inquiry at New port News excluding the Lord Mayor.

500 MORE QUIT PULLMAN

Construction Workers Refuse to Take Wage Cut of Approximately 50 Per Cent

Chicago, Jan. 7.—Five hundred employes in the construction department of the Pullman Company refused to accept a wage cut of approximately 50 per cent, yesterday and walked off the job. Their action followed that of approximately 500 other employees who had quit because of drastic reductions in wages.

The company employs about 10,000 men in its shops at Pullman, Ill.

Officials of the company and a delegation of the workers have arranged a conference to attempt a settlement.

Trimmers, upholsterers, painters and others, who have been drawing $30 a week have been cut, some to as low as $14, according to the workers' interpretation of the piece work schedule. Unskilled labor previously drawing 80 cents an hour now receive 45 cents.

Pullman employes deny that they asked for the reduction or that they are satisfied.

"Reports given out by the company that employes of the Pullman Company voluntary agreed to reductions in wages are false," union officials said.

Evidence Gathered Several Weeks ago

Trenton, N. J. Jan. 7.—Hugo Kaiser a saloonkeeper, was arrested by Federal officers yesterday on a charge of having violated the Volstead act following a raid upon his place several weeks ago when a large quantity of liquor, it was alleged was found. About a score of other prominent cafes and saloons were raided at the time and liquor seized, but this is the first arrest in connection with these raids.

The prohibition enforcement agents said yesterday that the proprietors of other places where liquor was discovered will be prosecuted. Kaiser was released under $1000 bail for his appearance before the Federal Grand Jury.

THIEF CHASE ON ENGINE

Chicago, Jan. 7.—Five policemen commandeered a wheel switch engine todal and for five miles chased a Chicago Northwestern fast freight train aboard which a band of robbers was looting box cars

For five miles the switch engine roared and groaned in the wake of the freight train and then, with a burst of speed, brought its blue-coated crew so close to the train that the outlaws were forced to leap from the cars to escape capture.

Merchandise valued at $1,000 was recovered along the right of way and cargoes valued at many thousands were saved.

The bandits looking up from their car saw the policemen with drawn revolvers. The thieves had a start that enabled them to escape.

DEBS' RELEASE NEAR PALMER INTIMATES

New York, Jan. 7.—The release of Eugene Debs and other political prisoners is promised by Attorney General Palmer in a letter received by John Sullivan, president of the Central Trades and Labor Council, Sullivan stated today.

He said Mr. Palmer declared in his letter that the Socialist leader and others would be released as soon as the Attorney General has fulfilled "certain technical requirements."

Attorney General Palmer will take up the case of Eugene V. Debs, Socialist leader, within a few days, with a view to making recommendations as to appeals for a pardon for Debs, the Department of Justice announced yesterday.

(The Attorney General's office denied that the Attorney General had written a letter to Sullivan promising the release of Debs. It was stated that he has written Sullivan stating that the case of Debs would be reconsidered.

BARS WOMEN FROM JURY SERVICE IN BALTIMORE

Baltimore, Jan. 7.—Women are barred from serving on juries in Baltimore. This was the decision arrived at by the supreme bench, Chief Judge Soper announced this conclusion after a lengthy session of the full bench. Unless the statute laws of the State, which limit jury service to men, are changed by legislative act, jurors for the various court will be selected as heretofore.

NUDITY AS AID TO VIRTUE

Ernest Thompson Seton Calls Clothing Morality's Greatest Menace

Pittsburgh, Jan. 7.—"Why wear clothes?" asked Dr. Ernest Thompson Seton, the celebrated naturalist, here yesterday. Dr. Seton is filling a week's engagement at a local theatre as a vaudeville artist, his first season in that role, giving a fifteen-minute talk on various nature topics.

"Sex morality," went on Dr. Seton, in answer to his question, "has no relation to clothing, as is proved by the naked tribes of East Africa, who are the most moral people in the world in their natural state, but who always take a downward step morally when compelled by missionaries to wear clothing. The shorter the dress of the female and the lower the neck of her bodice, the greater her moral influence and the greater her tendency to health.

"The soldiers of the United States Army, compelled to wear high collars and tight-about-the-neck clothing, show an average of diseases of the throat of 43 per 1,000, while the sailors of the United States, with more exposed life and collars wide open and low, show but 21 to 1,000 with throat troubles.

"The costumes of the women of today are the most sane in the history of the race since the dawn of so-called civilization and moving in the right direction. In Turkey, where more clothing is worn by the women than in any other country on the globe, the morality of the people is the lowest. This was also true of France when the women swathed themselves in heavy robes of silks and satins and covered their faces with powder and patches. No, covering the body with clothes tempts rather than prevents a tendency to morality.

"Personally, I have always been in rebellion against having my body smothered and hindered by clothing."

2,814 Vessels Passed Through Panama Canal Last Year

Washington, Jan. 7.—Commercial vessels passing through the Panama Canal during the last calendar year numbered 2,814, aggregating 10,378,000 net tons and carrying a total cargo of 11,286,000 tons, according to a cablegram received yesterday from the Acting Governor of the Canal.

The volume of traffic established a new high record, exceeding that of the previous calendar year by approximately 50 per cent.

Tolls collected during the month of December, amounting to $1,007,875, exceeded those of any month in the history of the Canal, except last September. Tolls collected for the year totaled $10,295,000.

PREMIER READY TO TALK WITH DE VALERA

London, Jan. 7.—From a seemingly authorized statement issued in London last night it may be inferred that should Eammon de Valera be disposed to approach the government with a peace proposal meeting the government's stipulations that all questions of separation be excluded he would not be discouraged.

On the contrary, under such circumstances he would be treated as satisfying the prime minister's condition as able "to deliver the goods" in fact and that for such purpose he could secure safe conduct.

Thousands in Scranton Living Over 50-Acre Old Mine Fire

Scranton, Pa., Jan. 7.—Residents of Lower West Scranton are living over a raging furnace while officials of the Delaware, Lackawanna and Western Railroad Company, together with members of the local police and fire departments, are making an effort to determine the exact location of a fire in what is believed to be old mine workings about 500 feet below the surface.

The fire was discovered Monday, when huge clouds of smoke began pouring through an airshaft. The blaze spread rapidly, and it is believed that approximately 50 acres of underground area is now afire.

While there appears to be no immediate danger to the thousands of people living over this particular area, officials fear that if any surface settlings should occur while the blaze is raging, the fumes of gas, sulphur and black damp would creep through the crevices and possibly enter homes with fatal results.

TANNERS' WAGES CUT; AUTO PLANTS RESUME

Gloversville, N. Y., Jan. 7.—A wage reduction ranging from 20 to 33 1-8 per cent and affecting all workers in the leather dressing and tanning industry here was announced by the manufacturers today.

Akron, Ohio, Jan. 6.—Labor directors of Akron rubber companies announced today that they were not employing men or women for any departments. Over three thousand men are reported to have returned to Akro this week in the belief that rubber shops would open up after the first of the year. None were employed, it is said.

Lansing, Mich., Jan. 6.—The Reo Motor Car Company has resumed operations after a week's shutdown for inventory. The entire force of 5,200 men is working on half time. The Olds Motor Works here also is operating on a part time basis.

RICHMOND THEATRE

Mack Sennett's latest big picture, "Love, Honor and Behave," is said to have qualities that will appeal to every type of picture patron. A quality not usually associated with Sennett comedies is that of sentiment which abounds in this new plot. It is not held up for smiles or hearty laughs, but is injected with sincerity and emotional effectiveness. It will be seen at the Richmond Theatre today.

Marie Prevost appears a young bride. The bridegroom is George O'Hara, and the tangle that is woven in their domestic affairs provides this picture with its plot.

"Urgent Need" Proven, Says Senator Penrose

Washington, Jan. 7.—Declaring that it was "fairly contended" that a real emergency existed, demanding immediate action for the protection of certain American industries, chiefly those of livestock and agriculture, Senator Penrose has announced his purpose to support the Fordney Emergency Tariff bill, and if possible, secure its enactment at the present session of Congress.

At the same time the senior Pennsylvania Senator declared in favor of a modification of the rates provisions of the measure.

The announcement was made at the conclusion of the first public hearing on the bill by the Senate Finance Committee, at which spokesmen for livestock interests gave striking testimony on conditions in that industry.

RACE HORSE OWNER HURT IN AUTOMOBILE WRECK

Harrisonburg, Va., Jan. 7.—Jas. M. Kavanaugh, hotel proprietor here and well known race horse owner, is in the City Hospital at Frederick, Md., as a result of injuries received yesterday morning when his large touring car skidded on a grade on the Baltimore Pike, near Frederick, and crash into a smaller car. While he was reported last night to be suffering considerable pain, his injuries are not considered serious.

Mr and Mrs. Kavanaugh were returning to Harrisburg, from Baltimore, and were going down Dorsey's Hill when teh car skidded and slid off a culvert, at the same time hitting an approaching car. The smaller car was carrying three Hagerstown men, one of whom is reported to have sustained a broken leg. Their car was demolished. Mrs. Kavanaugh escaped with minor bruises.

JAPAN BUYING STEEL

Pittsburgh, Jan. 7.—Japan is spending millions of dollars in the Pittsburgh district for all sorts of steel products, standard section rails and electrical power equipment.

This announcement was made yesterday by M. T. Tadavoshi, a Japanese engineer, who has preceded a party of noted Japanese engineers to Pittsburgh for the purpose of entering into negotiations for Japan's requirements.

30,000 YOUNGSTERS VICTIMS OF RICKETS

Of all diseases that are taking a deadly toll among the children of Vienna as the result of underfeeding rickets is proving the most serious and widespread menace. Not less than 30,000 children are suffering from this painful affliction, according to official estimates.

To rescue these through providing proper food, clothing and medical attention that otherwise they cannot obtain the European Relief Council, composed of eight leading American relief agencies, is making a joint appeal for $33,000,000 for the relief of 3,500,000 destitute and suffering European children.

1,500,000 POLISH CHILDREN SICK.

One million five hundred thousand children in Poland today need medical attention. Their condition has been caused by hunger and want. To save them the European Relief Council is appealing to the people of the United States for $33,000,000 to carry on relief work in stricken Europe.

One hundred thousand Russian refugees in Poland are absolutely destitute, according to official estimates. The majority of them are women and children. The condition of the latter particularly is pitiful and they will be among the beneficiaries from the $33,000,000 fund being raised by the European Relief Council, composed of eight leading American relief agencies for a joint appeal in behalf of the millions of little Europeans who can look only to America for the food, clothing and medical care that will make it possible for them to survive the winter.

CONTRIBUTIONS EXEMPT FROM TAXATION.

Contributions to the collection of the European Relief Council for the European children's relief fund are exempt from taxation and may be deducted from income tax returns, according to a ruling that has been made by the office of Internal Revenue in Washington.

3,500,000 CHILDREN FACING STARVATION

Vast Relief Effort Launched by Eight Leading American Organizations to Avert Tragedy.

The most spontaneous as well as the largest consolidation of effort in the history of American relief and charitable organizations has grown out of the disaster which threatens 3,500,000 European children this winter. To the headquarters of every agency that dispenses American mercy overseas has come one steady cry for months past; the children, most helpless and blameless sufferers in the track of war, will perish by the thousands before next harvest unless America saves them!

When Dr. Livingston Farrand, chairman of the Central Committee of the American Red Cross, returned from a recent trip abroad, his report throbbed with the need of the children. From the feeding-stations of the American Relief Administration throughout eastern and central Europe came letters, cables, pleas of every sort. The Protestant churches sent investigators into after-war conditions and every report breathed the impending tragedy of starving and diseased children. Protestant, Catholic and Jewish, the child life of Europe is threatened with heartrending misery.

The European Relief Council, with Herbert Hoover as chairman and the whole power of American charitable thought and effort behind it, has been formed. It consists of Edgar Rickard, representing the American Relief Administration; Dr. Livingston Farrand, representing the American Red Cross; Felix Warburg, representing the Jewish Joint Distribution Committee; Wilbur K. Thomas, representing the American Friends' Service Committee; James A. Flaherty, representing the Knights of Columbus; Dr. C. V. Hibbard, representing the Young Men's Christian Association; Miss Sarah S. Lyon, representing the Young Women's Christian Association; Dr. Arthur Brown, representing the Federal Council of Churches.

It is the purpose of the Council to raise $33,000,000, in an appeal centering at the Christmas holidays, to the end that the situation regarding child life may be met. In every town and community of the nation, it is hoped, local committees, representing all the co-operating agencies will be formed to secure the vitally necessary funds. Of the amount sought, $23,000,000 will be used for basic food. For every one of these American dollars the local governments and communities aided will furnish two dollars, in the form of transportation, labor, guards, clerical help, cash contributions and such food supplies as are locally obtainable. No children receive the free food except after medical tests showing them to be seriously under-nourished. The remaining $10,000,000 of the fund is just as urgently needed for medical service to the children.

The European Relief Council will do much more than effect economies in the raising of the childsaving fund. It will, with the inspecting forces of eight great agencies, keep a constant eye on the administration of America's merciful gift, in order that there shall be no wastage and no tendency toward pauperization.

RICKETS DID THIS.

Before this five-year-old Vienna girl was operated upon in the American Convalescent Home her leg was even more horribly deformed from rickets and she was in constant instead of intermittent pain. Now at least her leg is straight again, and by degrees she is relearning to walk. Rickets is the aftermath of under-nutrition, and it is to cut down the harrowing prevalence of such disease as this among the children of Europe that eight American relief organizations are making a joint appeal under the name of the European Relief Council for funds to succor the millions that face a winter of horror. They are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

ENJOINS 4 CHICAGO BREWERIES FROM MAKING 'REAL' BEER

Chicago, Jan. 7.—Federal Judge Landis yesterday issued temporary injunctions restraining four Chicago breweries from violating the prohibition laws after Attorney General Edward J. Brundage had submitted evidence which he said proved that the breweries had been manufacturing real beer.

Mr. Brundage said the injunctions were the first step in a drive against local breweries to be conducted by the State and that injunctions against twenty more would be asked within a few days. The breweries enjoined were the Primalt Products Company, the United States Brewing Company, the Standard Brewing Company and the Hammond Brewing Company.

VIRGINIA WOMAN GAINS TWENTY FIVE POUNDS

Mrs. Harris Says Her Recovery Since Taking Tanlac Proved Big Surprise to Her Friends.

"My recovery since starting on Tanlac has been a surprise to myself and all who knew of my dreadful condition," said Mrs. T. H. Harris, of 627 Gum St., Lynchburg, Va.

"About a year ago last October I had a bad spell of influenza that left me in a terribly run-down condition. I could hardly even think about eating and even the little I forced down always gave me indigestion. I had terrible spells of swimming in the head and I hat to sit down to keep from falling. I spent days at a time in bed, and even when I was up I was so weak I just dragged about the house. Nothing helped me and I lost weight until I was almost a skeleton and my family and friends had no hope of my getting well.

"But Tanlac has not only relieved me of these troubles but has built me up twenty-five pounds in weight besides. The first few doses got me to feeling better and now I have such an appetite I can hardly eat enough to satisfy it and nothing ever hurts me. All my aches and pains have left me, I feel like a different person altogether and am so much stronger I can do all my work without any trouble."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and all good drug stores.

CITY NEWS IN BRIEF

The Rev. W. Cosby Bell, of the Virginia Theological Seminary, will occupy the pulpit at St. Paul's Church on Sunday, January 9th.

The many friends of Mr. George B. Reynolds will regret to learn that he is still confined to the Alexandria Hospital.

The many friends of Mr. Samuel Stucds will regret to hear that he is quite sick at his home, 1201 Prince street.

Ex-Senator I. C. Burkhart has returned to his home in West Virginia, after spending the holidays with his son-in-law and daughter, Mr. and Mrs. R. F. Sowers, at their home, 226 North St. Asaph street.

The funeral of Miss Sarah A. Magee took place this afternoon from St. Mary's Catholic Church. Services were conducted by Rev. William Winston and burial was in Mount Olivert Cemetery, Washington.

Mr. and Mrs. Edward Lee Kemper and Master Edward Hudson Kemper, who have been the guests of Mr. Kemper's parents, Mr. and Mrs. Edward Hudson Kemper, in Rosemont, have returned to their home in Charlotte, N. C.

A false alarm of fire at 9:30 o'clock last night brought out the fire department. The alarm received was to the effect that the old ferry slip at the foot of King street was on fire. Firemen, however, were unable to find any blaze.

MYSTERY IN BRANDING
Alabama Students Who Suffered Known Only to Physicians

Tuscaloosa, Ala., Jan. 7.—Mystery surrounding the reported branding of two University of Alabama students Wednesday deepened yesterday when preliminary investigation by college authorities failed to reveal the identity or whereabouts of the injured men according to a statement from the president's office.

A physician who was called to treat the students after they were branded, late in the night, refused to divulge the names of his patients and the student body appeared without knowledge concerning the affair. The physician admitted that each man had been branded with a hot instrument on the hip and that painful wounds had been inflicted.

College authorities stated that it had been impossible for them to determine so far whether the men were branded by a fraternity "or some other society." The authorities held to the belief that the injuries, if inflicted as reported, were caused by an accident incident to some kind of an initiation.

VARIANCE IN VIEW OF DISARMAMENT BY JAAN'S PRESS

Tokio, Jan. 7.—Discussion of the disarmament propositions is continuing to occupy the Japanese press, with favorable comment interspersed with expressions of opposition and hesitation. The Jiji Shimpo, for instance, declared that America's program is the sole cause of the naval race, and it asks what Japan's course should be if the United States closed down and Great Britain followed suit. The Nichi Nichi takes the view that the entire project depends upon the attitude of Mr. Harding when he assumes the presidency, and that nothing will happen until his administration is installed.

The Yorozu Choro views the project with suspicion, declaring it has elements of mystery, and is pregnant with mischief, while the Chugai Shigyo Shimpo considers that Japan can not lightly agree to the Borah plan. It says, however, that a plan under which the United States would cease construction after its first program had been completed, and Japan stopped building after the completion of her eight battleship-eight cruiser program, would open to consideration.

The Hochi Shimbun declares that permanent peace is a dream, Senator Borah's proposal, it says, is admirable but impracticable.

CUMBERLAND FIRE DUE TO OVERHEATED STILL

Cumberland, Md., Jan. 7.—The police authorities were rather surprised yesterday when Fire Chief Reid Hoenicka reported to Police Commissioner Hummelshime that in his opinion the fire at 17 Front street, occupied by the Diamond Products Company, was caused by an overheated still, which has been in operation since last September at least.

It was located in a cold storage building. Chief Hoenicka and several other firemen examined the still which was unusually large for a moonshining outfit and was placed on a concrete base. Several hours after the fire and just before Internal Revenue Agent John D. Roberts arrived on the scene, several men loaded the still in a truck and hauled it away.

Texas Citizens Warn Japanese Not to Settle

Harlingen, Texas, Jan. 7.—Pending the arrival of a real estate dealer from California who is said to have sold farms to Japanese in various sections of the Rio Grande Valley, no efforts will be made here by the citizens' committee to compel the two Japanese families to leave Harlingen.

The Japanese, including four children, arrived here Wednesday from California and were met at the train by a comittee of citizens and informed that their presence in the valley was undesirable. The real estate agent will be asked to refund the Japanese the amount paid for two farms.

Brownsville, Texas, Jan. 7.—Developments were awaited yesterday in the situation created yesterday by the arrival at Harlingen, Texas, of two Japanese families, bringing agricultural implements, and who proposed to settle on a 282 acre tract of land near Harlingen.

Anti-Japanese feeling at Harlingen was described as intense. The Japanese have been warned by a committee of citizens and American Legion posts that it would be dangerous for them to settle on the land.

The Japanese, T. Okuma and O. Okuma, brothers, said that they paid $273 an acre for the land they intended to occupy, and had no intimation that there was anti-Japanese feling in the Rio Grande valley.

198 GOT PARDONS FROM PRESIDENT

The President's pardon record last year was the largest in fifty years.

Liquor, espionage, and other war-time laws brought the greatest crush of appeals for clemency the White House has known since civil war days.

President Wilson signed pardons for 198 persons, many of whom had served varying terms but sought to have civil rights restored by Executive action.

The President personally considered 664 cases, and in all except 25 cases, he acted favorably upon recommendation of the Attorney General. Most of the clemency cases included commutation of sentences and remission of fines.

The Department of Justice said yesterday that, due to war time statutes, 1,302 cases were before the Attorney General during the year for clemency. Many of them were reported adversely by judges and prosecutors and were not brought to the President's attention. Many cases in this group, however, may reach the White House this year.

Pardon Attorney James Finch, after a search of the records for more than 50 years, said President Wilson had hung up a half century record in the number of cases considered.

BUTTERFLIES, SNAKES AND DANDELIONS OUT

Reading, Pa., Jan. 7.—Butterflies, dandelion pickers even dandelion flowers, snakes crawling about and full of fight, poplar and peach buds and even roses abloom are the signs of spring that rural residents report in the mildest January noted here for many years.

A farmer several miles southeast of the city reported unearthing three garter snakes while plowing. They were lively and willing to fight.

The fields are dotted with farmers' boys and girls picking dandelions for the market, and at various places where the sun shines brightly and the earth is protected from northern winds, dandelions in bloom have been found this week.

Shoes to Sell at $100 a Pair, Lined With Gold Leaf

North Adams, Mass., Jan. 7.—Two pairs of shoes, designed to sell at retail for $100 a pair and said to be the most expensive ever made in this State, were exhibited at a factory here yesterday.

One pair is made of patent leather kid, with pure gold leaf lining and gold underlining of all perforations, gold hooks and eyes, and has a $25 gold piece inserted in the heel of each shoe.

MAIL CAR BROKEN INTO AND RIFLED

New York, Jan. 7.—The mail car of train No. 203, on the Pennsylvania Railroad, was broken into and rifled by robbers between here and Philadelphia early yesterday. Officials of the road at once started an investigation to determine the value of the mail stolen.

The robbery was discovered by a mail clerk when the train reached Philadelphia and was reported to railroad headquarters there. The clerk, attempting to enter the car, found the rear door jammed and the seals of the front door broken and the door unlocked. Within the car open mail bags were thrown about. No clerks were assigned to the car while it was in transit.

Hotel Men Agree on Restoration of Pre-War Rates

Chicago, Jan. 7.—Restoration of pre war rates on rooms and food was declared imperative by members of the Chicago Hotel Men's Association yesterday, following their annual meeting, at which virtually all agreed that hotels should lead the way in readjustment of price levels. Immediate reductions were recommended the members were not pledged to a definite plan of concerted action.

Ford Gains 272 in Recount

Henry Ford had gained 272 votes over Truman Newberry in precincts counted so far yesterday in the recount for ballots of the Michigan Senatorial election of 1918 under the auspices of the Senate Elections Committee.

BLOOD KILLS DISEASE GERMS

Pure, Healthy Blood Destroys Germs, Removes the Waste Tissues and

Rebuilds Bone and Muscle
If Your Blood is Weak, Don't Delay

Take Gude's Pepto-Mangan, the Red Blood Builder

In your body are two gallons (more or less) of blood, which is constantly at work keeping your system free of germs, removing the waste tissues, and building up new strength in bone and muscle.

This blood must be healthy or your resistance to disease and fatigue will be lowered, you will lose weight, and both body and mind will have less vigor.

For building up blood weakened by overwork, illness or other causes, Gude's Pepto-Mangan, for years prescribed by physicians, is now generally known as a prompt and harmless tonic.

Gude's Pepto-Mangan soon produces marked beneficial results. The tired, worn-out run-down feeling disappears. And in its stead a vigorous wholesomeness and happiness proves that the blood has been supplied with the sorely needed richness to supply the entire system with renewed strength.

When you buy Pepto-Mangan at your druggist's, be sure the name "Gude's" is on the package. You can get it in either liquid or tablet form. If the name "Gude's" is not on the package it is not Pepto-Mangan.

All High Shoes In Stock

This offer includes every high shoe whether for man or woman in our very extensive stock of fine footwear, right at the very time of year they are most in demand.

And our reason for this sweeping reduction on all fall and winter styles is perfectly legitimate. The principal reason is the very backward season that has made merchandising a problem during the present winter. We must get rid of our stocks in order to make room for the spring stocks that are due to arrive shortly.

We have put a number of pairs of these shoes in our windows. Look them over, then come in and make your choice at

ANGLO FRENCH CLAH EXPECTED AT PARIS

(Continued from Page One)

doctrines taught by Lenine than he desire to separate Germany from Bolshevik Russia She firmly believes that if Russia and Germany come in direct contact, without control by a pro-French sanitary cordon of Poland and Roumania, it will be impossible to force Germany to settle the reparation account She fears that Germany either will undergo a process of Bolshevization, become bankruptor, worse still, ally herself with Russia and resist the reparation claims, France also is providing for the day when Germany recovers her strength. France will then be unable to rely on Russia. Therefore she wants a strong Poland capable of holding part of the German force in the East should Germany again desire to attack France.

It is also generally assumed that the defeat of Bolshevik Russia will bring about better conditions in the world. Few realize any other possibility than that on the ashes of Bolshevism there may arise some new, fearful apparitions which will strike nearer home than Bolshevism in Russia.

WOMAN IN SUIT CHARGES PAPER CALLED HER VAIN

New York, Jan. 7.—Action asking damages of $100,000 for alleged slander was brought into the Supreme Court here yesterday in which Mrs. Jerome Napoleon Bonaparte charged that the publication "Town Topics," a society weekly, called her a "vain and foolish woman" who delighted in posing for photographs and boasting of her relationship to the lineage of the great Napoleon of France.

DUBLIN EDITORS RELEASED; BELIEVED STEP TO PEACE

Dublin, Jan. 7.—Martin Fitzgerald, one time racing partner of Richard Croker and Hamilton Edwards, proprietors of the Freeman's Journal, and Patrick Hooper, editor of that newspaper, were unconditionally released from Mount Joy prison here last night on "medical grounds." This is regarded here as the most hopeful sign of conciliation seen in Ireland in weeks It has been an open secret that while Downing street wanted these newspaper men released from prison, Dublin castle insisted on certain conditions, with which they refused to comply.

Despite the vigorous campaign their newspaper carried on against Dublin castle "atrocities," they were convicted only on technical grounds, connected with two articles they published, one of them being a mere paragraph.

THREE ELEPHANTS SAVE TRAINS OF CARS

Bridgeport, Conn., Jan. 7.—Three elephants, Albert, Babe and Queenie, were pressed into service last night to save several trains of cars from destruction by fire at the winter quarters of a circus in this city.

The big animals methodically pushed the trains out of danger and then quietly returned to their quarters.

Preacher 'Dies" In Church; Recovers And Walks Home

Valdosta, Ga., Jan. 7.—Stricken with acute indigestion, the Rev. R. P. Fain was given up for dead while attending a ministers' meeting at Hahira, Ga., yesterday and laid out in the church while his son went to inform the family.

Meantime the Rev. John Standford arrived at the church and, pouncing on the "body" with his knees, violently worked the stricken minister's arms.

Mr. Fain recovered and walked home.

Mother Threatens to Spank Girls for Getting Married

Doylestown, Pa., Jan. 7.—When their mother refused to sign a marriage license for them, two sisters, well-known Doylestown girls, eloped to Elkton, Md., with two brothers, both ex-service men, of Temple, Texas.

The principals in the double elopement are Robert Lee Cowen, aged 32 years, of Temple, Texas, and Miss Helen Shaffer, aged 20 years, and George Cowen, aged 23 years, of Temple, Texas, and Miss Nellie Shaffer, aged 17 years. The sisters are the daughters of Mrs. Rosa E. Shaffer, of 100 Hamilton street.

The affair is the culmination of a war romance. The younger Shaffer girl, Nellie, met George Cowen two years ago at Willow Grove Park while he was in the United States Navy. She fell in love with him, and after being discharged from the navy he located in Conway, Pa., near Pittsburgh. After several visits to Doylestown he left for his home in Texas, taking with him a photograph of his sweetheart's sister. Robert Lee Cowen fell in love with the picture, came north with his brother and located in Conway, where they have positions with the Pennsylvania Railroad.

Robert was in the U. S. Army during the war, serving overseas with the 24th Engineers. Coming to Doylestown last Sunday the Cowen brothers had New Year's dinner with their sweethearts and Mother Shaffer. They stayed at Doylestown Hotel, until Tuesday and then asked Mrs. Shaffer to sign a marriage license. She emphatically refused. So they eloped. Word was received yesterday from Elkton, Md., that they were married yesterday by Rev. W. H. Moon.

"I'll give them all a good spanking," said Mother Shaffer this afternoon. "They should have kept this quiet and besides they should have told me about it long ago.

"If they are happy, however, I'll probably forget all about the matter after awhile."

Supreme Court to Face Important Docket Here

Richmond, Va., Jan. 7.—When the Virginia Supreme Court of Appeals convenes in Richmond Monday for the present term several cases of great importance will come up for consideration. One question, which has been fought out in courts of the State and is on appeal from the Industrial Commission also, is whether a detective or policeman is a State or city employe and who should be liable in case of his death in performance of his duty.

The case of Marie Marshall, an inmate of the Eastern State Hospital who is maintained at no expense to the Commonwealth will be one of the most important. Marie Marshall has extensive properties out of the State and the question to be decided is whether Williamsburg and Virginia can tax property invested for her benefit. This property is ent now taxed, as she is a non-resident of the State in which it is located.

More than $1,000,000 is involved in the case, which if decided favorable to Williamsburg and the Commonwealth would mean a great increase in revenue for both the city and State.

QUEEN MOTHER OPERATED ON

Holland Dowager's Condition Is Reported to be Satisfactory

The Hague, Jan. 7.—Queen Mother Emma, mother of Queen Wilhelmina, yesterday underwent an operation for hernia. A bulletin issued at the palace yesterday said:

"Queen Mother Emma was operated on yesterday for hernia. There were no complications and her Majesty bore the operation very well. The patient's general condition is satisfactory.

BRITISH RAIDERS SEARCH FOR DE VALERA, SAY IRISH

Dublin, Jan. 7.—Twenty-four military raids were made in Dublin yesterday. Leading Sinn Feiners declare that they are positive the searchers were hunting for President de Valera.

Detachments of soldiers and sailors yesterday surrounded a little island in Cork harbor and searched it thoroughly. One arrest was made as a result of the man hunt on the island.

At 3 o'clock this morning Patrick Durr, aged 20, son of a farmer near Ballintober, was shot dead by a gang of armed and masked men. Durr was called outside of the house by the men, who found him asleep in the place with two others.

He was ordered to dress and when he appeared at the door was shot through the right eye, his heart and a leg. He was left in a pool of blood. The other two men jumped from a rear window and esaped.

The directors of the Freeman's Journal who have been in jail for some weeks, were ordered released last night by the authorities on the ground of ill health.

MEN'S SUITS TO BE LOOSER

Chicago Announces That Overcoats Will be Longer and Belted

Chicago, Jan. 7.—The secret is out the waiting masculine world may calm down. The new styles have been announced.

Overcoats will be longer and belted. The general tendency is toward the Raglan shoulder—that is, the yoke and sleeves in the same piece. The favorite colors will be russet brown and gray.

Suits will be less extreme than they have been. There will be less waist suppression. The high, tight waistline has been replaced by the very long, rather loose coat. Narrow lapels will be in vogue. One, two and three buttons and a few double-breasted suits will be worn.

Women, Dressed as Men, Roughly Beat Pastor

Council Bluffs, Iowa., Jan. 7.—The Rev. A. C. Jacobs pastor of the De Long Memorial Methodist Church of this city, was lured to the outskirts of Council Bluffs by a fake telephone message late last night and beaten with stove pokers by three masked women, dressed as men, and one man who was armed with a knife. The pastor is not expected to live. His head and face were cut by the man assailant's knife and he was stripped and then beaten until unconscious.

The Rev. Mr. Jacobs has been waging a campaign on vice. Last night he was asked over the telephone to come to see a man who was dying in the West End of the city. As he alighted from his car at the address given, his assailants ran toward him from a vacant lot and with a cry of "We've got him!" began beating him. As he fell to the ground he heard the man say:

"If this doesn't keep you from preaching against poor starving men and women who are out of jobs and have to make a living crooked ways, we'll burn you alive next time.

The assailants left their victim lying in the street. When he recovered consciousness he crawled to a nearby house.

CORRECTION MADE

In Notice of the Late Patrick F. Gorman

Our attention has been called to a slight error made in our biographical reference to the late, lamented tax-collector, Mr. Patrick F. Gorman. The facts should be stated as follows: John T. Hill was tax-collector for thirty years up to 1887. He was defeated in the election of that year by Edwin M. Adams. Mr. Adams held office for only a year, dying on May 27th 1888. Mr. Gorman was appointed to succeed Mr. Adams ad interim, and at the ensuing election was victorious and held the office until his death on the third of this month. We beg to express our thanks for the information thus afforded.

Only 12-Month Supply Of Liquor In Bond, Government Report Shows

Washington, Jan. 7.—Counted in gallons, this is how much spirits there was in Government warehouses last September 30, according to the record given Congress today:

Whisky, 44,500,643; rum, 405,556; gin, 906,462; high wines, 2,395; alcohol, 876,908; Cologne spirits, 559,585, and brandy, 739,977.

Commissioner Williams, of the Internal Revenue Bureau reports it is being withdrawn at the rate of 4,000,000 gallons a month, which would exhaust it in 12 months.

Lay Memorial Cornerstone At Roosevelt's Birthplace

New York, Jan. 7.—While Ambassadors and ministers told of his greatness and members of his family and friends reminisced on his admirable and affectionate qualities, Theodore Roosevelt's memorial, Roosevelt House, grew from an idea to the beginning of an actuality today with the laying of the cornerstone.

Several hundred men and women gathered before the now vacant building at No. 28 East Twentieth street where once stood the house in which Colonel Roosevelt was born in 1858, and where he lived until he was 13 years old. Toward Broadway, in a vacant place, a crevice in canyons of brick walls where a record building has been torn away, the speaker's stand was erected.

The ceremony was conducted by the Woman's Roosevelt Memorial Association, which was in charge collection of funds for and details of erection of the building to stand as an Americanization center.

Major General Leonard Wood gave the dedicatory address. Messages from foreign courts and capitals were brought by Jules Jusserand, French Ambassador; Baron de Cartier de Marchienne of Belgium; Dr. J. B Heibrecht, charge d'affairs for the Netherlands legation, ad interim; Senor Augusto Cochrane de Alencar, Brazilian Ambassador; Dr. Carlos Manuel de Cespedes, Cuban minister, and Senor Don J. P. Lafevre, secretary of the Panaman legation. Mrs. Douglas Robinson, Roosevelt's sister, gave a graphic sketch of his younger days.

SCHOOL CHILDREN SMELL SMOKE, SAVE BUILDING

Bethlehem, Pa., Jan. 7.—Prompt discovery of a blaze in a closet in the Keeper School, just as the pupils entered the building after the afternoon recess, and quick action by the janitor, Albert Schell, averted what might have in a few moments become a serious conflagration.

As the younger pupils of the first and second grades were entering their room several smelled smoke, and immediately informed their teacher, Miss Evelyn Long. Investigation was made at once and as the door of the closet was opened the flames shot up as high as the ceiling.

With the discovery of the blaze the fire drill signal was sounded and the entire school formed in their usual lines and marched out of the building with excellent discipline. The blaze was soon extinguished.
